[ ] Payrix

Deploy embedded payment capabilities for your platform with confidence

eCheck/ACH · Card Not Present eCommerce · Card Present Mobile & Contertop → Payment Acceptance → Payrix Payments Cloud API

Bank Processing · Card Processing · Merchant Onboarding · Merchant Servicing Portfolio Management · Fees, Billing & Funding · Bank Processing

---
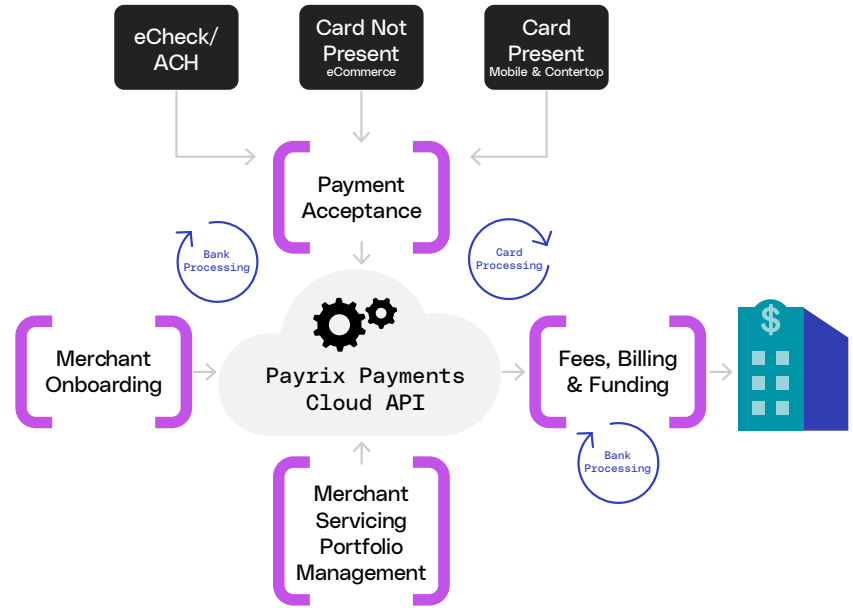

Instant Merchant Onboarding

Quickly and seamlessly onboard customers in seconds to process payments and generate more revenue

Seamless Portfolio Management, Merchant Servicing, and Portfolio Notifications

- Fully track and service your entire merchant portfolio in a single view, in real-time
- Leverage our API-powered, out-of-the-box merchant portals as a launchpad for your own development efforts
- Enable real-time, scheduled and custom reporting with insights for your portfolio and your merchants
- Harness streamlined merchant management to stay-in-the-know with our Webhook infrastructure

Customizable Fees, Billing, and Funding

Get surgical control of your fees, billing, and funding models

Easy Payment Acceptance: Card-Not-Present, Card-Present, and ACH/eCheck

- Enable your customers to accept secure eCommerce payments via eCheck, credit card, and alternative payment methods
- Facilitate card-present transactions via virtual terminal, mobile EMV, or countertop EMV-enabled terminals
- Leverage our fully PCI compliant tokenized vaulting solution
- Easily automate subscription billing with account updater

Harness a more seamless experience and higher payments revenue. Get started with Payrix.

PAYRIX.COM

[ ] Payrix
